

With this little game you can learn and remember the names of the countries and their flags as well as the dates of the different Comenius meetings.

How to play?

First, assemble the game using the instructions you have aside.

Ask a friend to tell you a number between 1 and 10 and a color of which appear in the corners of the game. Then flap the origami game opening one way, then the other, counting the chosen number.

Look the flag that is over the chosen color and ask your friend the name of the country and the meeting date. Lift that flap and read the solution to check if your friend is right.

Enjoy it!
